

Short Bio

Dr. Marius Geantă

President and Co-Founder

Centre for Innovation in Medicine

Dr. Marius Geantă is President and Co-Founder of the Centre for Innovation in Medicine, a non-governmental organization based in Bucharest, Romania, focused on the innovation in healthcare sector.

Dr. Geantă graduated the University of Medicine and Pharmacy "Carol Davila" Bucharest and currently is PhD Candidate on the topic of digital medicine. His passion for innovation in medicine and in particular for personalised medicine lead Dr. Geantă to become co-founder of the Centre for Innovation in Medicine, a non-governmental organization which has the aim to shorten the time between the emergence of innovations in medical sector and their application for patients benefit in Romania and elsewhere.

Dr. Geantă is a pioneer in the field of personalised medicine in Romania and is involved in some pan-European innovative healthcare projects like IT Future of Cancer. In 2017, Dr. Geantă served as Co-Chair of the EAPM School on Personalised Medicine.
